

EU PSK DX CONTEST **EU AREAS LIST © SCOTTISH-RUSSIAN ARS**

NOTE

- Care must be taken in the interpretation of EU Areas from small-scale maps.
- The addresses of European Stations given in RSGB and International Callbooks can be misleading.
- Administrative geography concerns itself with the hierarchy of areas relating to national governments in Europe. This hierarchy is complicated for not only are there several layers but the structure is different in each European Country. In addition the boundaries of many of the layers in the hierarchy are subject to periodic or occasional change.
- Use this link <http://www.cia.gov> to find out more about the Administrative Geography of European Countries.
- Use this link <http://www.lib.utexas.edu/maps/europe.html> to view various maps of European Countries.
- The twoe letters + two numbers abbreviations are given to EU Areas by the EU PSK DX Contest Committe. These are used along with the full name in the list. Use this PDF file as a standard EU Areas List for the EU PSK DX Contest. There are 1194 current entities in the list.
